News Alert Class: Behind The Scene of The Israeli War

In The News...

We all know that ultimately nothing happens outside of God's plan. But, because we can not know all that is happening in the world, it's an interesting read to get a glimpse of what politically is happening behind the scenes that may be helping to drive this most recent war in the Middle East.

Last year and this year I reported to our subscribers the problem associated with appeasement. Appeasing your enemy always strengthens their position against you. Our government pushing a two state solution and pressuring Israel not to clean out every den of terrorism that threatens her has actually brought on this war. If Israel would be left alone to run their country the way I believe a lot of their leaders would like, their enemies would have been dealt with 30 years ago. But, as it is when it comes to Israel, nothing really makes sense and the nations have done what they individually would never do in their own countries, they have asked Israel to restrain herself and just take one bomb after another, one suicide bombing after another, until finally she just can't do it any longer and she had to respond. Even now, in the face of all evidence that supports Israel's current actions, our President actually asked her to keep her response restrained...Doesn't the world know that this response is restrained? The truth of the matter is this, Israel could take on the entire Middle East and win if she were allowed to.

God has reserved that victory for the Messiah when He returns!

Then those who feared the Lord spoke to one another, And the Lord listened and heard them; So a book of remembrance was written before Him For those who fear the Lord And who meditate on His name. AMEN! Malachi 3:16
