***News Alert Class: Could The Sampson Option be Used?***

### ***In Memory of Our Brother Zola Levitt:***

This report is dedicated to Zola Levitt who went home to be with the Lord... Zola wrote the Zola Letter and has a T.V. show [Zola Levitt Presents](#). We knew Zola was ill and battling cancer. I just found out he went home to be with the Lord on April 2006 - last night. Zola we will miss you dearly.

And now the News...

The Israeli war has a few developments today. Condi Rice, Sec. of State is in the region and news has resurfaced that Saddam "madman" Hussein more than likely moved his WMD'S to Syria just as the U.S. invasion began. This news runs parallel with the statements made from Hezbollah leader Nasrallah, that if Israel continues their attacks and they go into the Becca Valley there are surprises there they can't imagine. His statement would lead one to believe that he may be in possession of some of the WMD'S that Iraq moved into Syria. His statement would also lead us to believe that he has no problem using WMD'S against Israel, after all his view of Jews is that they are not human, but they are monkey's and it's certainly easier to kill an animal than a human...

With this in mind, this is how conventional thinking goes on the subject. Israel has a stated option called the **Sampson Option** and it states that if they are ever attacked with nuclear or biological weapon's they will respond with a complete nuclear destructive blow. The nuclear defensive response is one that will carrier the power to annihilate the attacker. There is a prophecy in [Isaiah 17:1-5](#) that references the complete destruction of Damascus, the Syrian capital. Until now Damascus has **never** been destroyed at anytime in history! Could it be, that this conflict escalates and Hezbollah with Iran and Syria's approval, launches WMD'S at Israel and Israel get's hit and then uses the **Sampson Option** against Syria as a defensive measure wiping out Damascus, thus Isaiah 17:1-5 being fulfilled? The conventional thinking is that this action on Israel's part would put the fear of GOD in the world community to the extent that the world community would be ready for a *demonically* proposed peace agreement between Israel and it's Arab neighbors. In other words, the world would be scared to death and everyone would sign off on just about anything that brought peace to the Middle East region.

It's a theory worth considering in light of what we see happening right now. In due time God will reveal to us what His plan is concerning this current war. There's a lot to be praying about for sure!

In other news, Iran has taken over the war effort and has moved it's General into Lebanon to provide leadership to Hezbollah. [Details here](#)

It seems that the alignment of Ezekiel 38-39 is complete! [Read this for details!](#)

The book of Revelation describes a war that engulfs the entire world. I've always wondered how the Lord could get the world powers into the Middle East. Fox News reported today what is being discussed is a multinational force that would have the authority to stop Hezbollah from crossing into a 20 mile buffer zone between Israel and Lebanon. This force would be made up of Italian, French, Polish and other international forces. The U.S. will not be part of the multinational force. Israel has never wanted any outside military force in the Middle East or patrolling their borders, however, now they are compromising on the issue because the world at large just can't stomach what it would really take for Israel to put an end to the violence against her people.

Finally, a silver lining is found in the war. The radical Arabs want to kill all Jews, but, they just keep coming to Israel and growing in number. It's one of those amazing miracles of God. The more you kill His people the more we multiply! Over 3,000 American Jews have landed in Israel even though the war is in full swing. Amazing isn't it? [Details here](#) . Read [this article](#) to see how angry Iran is that so many Jews have moved to Israel during this war. They actually think the Jews who just arrived will leave in the face of more violence. This just goes to show how little they understand the resolve of the Jews, the resolve God has put in their hearts! You can't fight God...you lose every time.

I think it is fitting to end my comments today with the prophecy in [Isaiah 25](#) that states the day is coming when the enemies of Israel and the Lord will be dealt with and God will wipe every tear from all people's faces! We do serve an **AWESOME** GOD! I can't hardly wait for that day.

Then those who feared the Lord spoke to one another, And the Lord listened and heard them; So a book of remembrance was written before Him For those who fear the Lord And who meditate on His name. AMEN! Malachi 3:16
