News Alert Class: Is God Setting The Hook?

In The News...

Today at 11:15 A.M. PST, Fox News reported that Russia is willing to head up the multinational force that will patrol the border between Israel and Lebanon. What makes this very interesting is **Ezekiel 38:4**:

I will turn you around and put hooks into your jaws to lead you out to your destruction. I will mobilize your troops and cavalry and make you a vast and mighty horde, all fully armed.

After careful examination of the complete chapter, one very quickly realizes that God has a score to settle with Russia, Iran and their followers.

Could this new development be the hook the Lord is referring to?

Imagine with me for a moment. Russia heads up an army made up of 15,000 to 20,000 to make sure Hezbollah doesn't get a foot hold in Lebanon. Russia will of course need the equipment and munitions to do the job right. Before I move on with my thought process, let's pause for a minute and look at Russia's intentions and mindset.

Russia has never been a friend of the Jews and will never be. She aligns herself with the Arab League and quietly supports Iran and her nuclear ambitions. She also supports Syria and just about all factions that want to see Israel annihilated. She also has established a working relationship with China. At the same time she plays nice-nice with the West, United States and UK. It's almost like good cop – bad cop. Russia plays all sides against one another. She also wants to be seen in the public arena as a friend of the West. Behind close doors, Russia wants Democracy erased. Don't forget that Russia's President Putin is KGB. Russia's infamous and ruthless secret service agency. Lastly, Russia wants to keep the radical Islamic factions within her own country at bay and the easiest way to do that is not to be a real friend of the West or Israel. Let's not leave out the oil equation. Russia wants to dictate power and control, in a passive aggressive manner, throughout the world using the Arabs as her conduit.

So now we hear Russia wants in on the multinational army – why? Here's what I think *might* be at play. Once Russia is in the arena she can quietly move armaments and weaponry into the area. In other words, she could establish a launching pad for operations into Israel. This could also open up a pathway for Russia to get equipment into the Middle East region like never before. Remember, all the forces that will be involved in this multinational army will be Russia's friends. Once the dust settles and human beings go back to life as normal, it will be as easy as 1-2-3 for Russia to build up her covert plans.

"For Zion's sake I will not be silent and for Jerusalem's sake I will not rest."- Isaiah 62.1 1

Whether this happens or not, I find it interesting that at this place in history Russia is doing something she almost never does – volunteers to head up a multinational army.

We could be witnessing the fishing line being cast into the water and Russia is about ready to bite on God's spiritual and deadly hook.

Wow we live in interesting times!
