### ***In The News...***

Jesus Christ, in what is called His Olivet Discourse, taught that Jerusalem and the Jewish people would be controlled or as the text says, "Trodden down until the times of the Gentiles be fulfilled." That phrase, "The times of the Gentiles", meaning when Gentiles, all people who are not Jewish, when Gentiles have control or rule over the Jewish people, that's found in Luke 21:24.

Once the Messiah returns, Israel will again become a beacon of light to the world! It will take the Messiah to put an end to all of this madness. Until that time I'm sorry to say that Israel and my people the Jews are headed for some tough times.

In other news, God is bringing the North American Jews home! Many feel that once the North American Jews migrate back to Israel, that the majority of Jews will be in Israel.

If all this wasn't enough, now we find that the U.S. media is deliberately running **"false" advertising** to help Hezbollah and hurt Israel. Hard to believe?

### ***The Wrap***

The Prophet Zechariah told us that the world at large would become intoxicated over Jerusalem. The world waxes insane when it comes to Israel. Why is the world so insane and there proposals so out of touch? They can't help it because I believe the Lord has sent them a spirit of delusion that absolutely clouds there thought processes when it comes to Israel! Just look at what our President said to Israel, as reported by Fox News, "Show restraint." France wants Israel to give up Sheba Farms near the Golan Heights to appease there attackers who, by the way, are brutal killers! The U.N. in it's most recent chapter 6 resolution tried to sneak in the Sheba Farms deal under Israel's nose.

If the United States were attacked by Mexico, Mexico bombed Southern California, where I live, what do you suppose our response would be? So why do we not allow Israel to defend herself. Let's not forget, Israel was just getting the PA suicide murderers under control and trying to live in peace when Hezbollah kidnapped their soldiers and started bombing northern Israel. They had and still have the right to defend their people and land! My feeling is that Israel should go into Lebanon using a 10 to 1 ratio and completely eliminate Hezbollah as much as humanly possible. Getting their leader would be a great victory as well! If Israel does not press on to an overwhelming victory, all of her enemies will see Israel as weak and inefficient, they will see this as a crack in her armor to attack her. **Israel must win this war!** God's will be done...

**Intelligence Update:** My sources tell me that Israel is moving its nuclear subs into striking distance of guess who? You got it Iran. The Germans have helped Israel to refit her "dolphin" class subs with larger launch tubes that will allow greater bomb load and nuclear capabilities. Israel is also installing larger fuel tanks that will allow her greater range without refueling.

**Excerpt from Hal Lindsey:** *Those who would advocate the destruction of Israel would do well to read through Zechariah's entire prophecy, recalling that Israel can do much more than target Hezbollah strongholds, should the Jewish state be pushed to the limits of its endurance:*

*"And this shall be the plague wherewith the LORD will smite all the people that have fought against Jerusalem; Their flesh shall consume away while they stand upon their feet, and their eyes shall consume away in their holes, and their tongue shall consume away in their mouth." (Zechariah 14:12)*

***That's not propaganda. That is prophecy.***

*Push Israel too far, and it just might make the transition from the realm of future prophecy to that of recorded history.*

Finally, the world is insane when it comes to Israel. What is the definition of insanity? Doing the same thing - the same way and expecting different results... The world and the UN had a resolution that asked Lebanon to disarm Hezbollah completely! Over the last six years Lebanon looked the other way. But, the world is so insane and intoxicated over Israel it thinks that this time can be different, so they are attempting to do the same thing - the same way once again and at the same time expect different results... ***You tell me if the world is insane?*** Looks to me like they fit the definition perfectly!
