### **In The News...**

It has always been my feeling that this war in Israel just might be stopped by the world body, thereby robbing Israel of a victory politically, because prophecy is clear that in the last days Israel will be attacked by an Arab alliance. If Israel is seen to be weak and divided internally, the Arab alliance that wants Israel destroyed will be motivated to go after her in a weakened state. That's what's on the horizon...Israel will once again be violently attacked. She will not be destroyed, however, it will be extremely painful for her and the people of Israel!

Though I was not pleased with the cease fire and I was very upset with it, I knew that it might happen for my above stated reasons. I'll repeat what I have always said, "only when dealing with Israel do things not make sense." I should point out that the United States has once again pressured Israel into signing off on this agreement. This will not go well for us at all. In God's economy He see's this as aiding the enemies of Israel. In the coming days look to see the political divisions in Israel to grow and Olmert's (Israel's PM) ratings to drop like a rock.

Then those who feared the Lord spoke to  
one another, And the Lord listened and heard  
them; So a book of remembrance was written  
before Him For those who fear the Lord And  
who meditate on His name. AMEN! Malachi 3:16
