### News Alert Class: **Hamas In Power...No Surprise**

#### **In The News:**

The world is in a collective uproar over the Hamas victory. I'm actually surprised that the world was caught off guard by this. To me it seemed like it would be the natural course of events. Things happen in the Middle East that just defy all logic. With the world upside down right now, right is wrong and wrong is right – good is evil and evil is good, this really should not have come as a surprise at all to anyone.

Many of our readers have a difficult time when I point out areas of concern and perceived weakness in our President, but, I can't let this slide by. [Read this article](#) third paragraph and you will see that not only does our President not have a firm grasp on the mind set in the Middle East, but it seems that no one whose is in the political scene get it either.

If you would like to read the resume of Hamas, who by the way are the Israeli's new peace partner, [read this article](#), it's shocking to say the least. This article only proves the above point; nothing in the Middle East makes sense.

Because Hamas is hell bent on the total and complete destruction of Israel and every Jew that is alive today, it would make perfect sense that they do not want to enter into peace negotiations with Israel. I don't know why anyone is surprised by this at all. [Read this article](#) to get a glimpse of the hatred that these political leaders have for God's people.

So now that we're all on the same page and we all understand that Israel is faced with a political partner that wants them dead, what does all of this mean? The only difference between Hamas and the PA is that Hamas is honest about their hatred for God's people, where as the PA tried to mask their hatred in political baloney. Personally, I'd rather have Hamas in power because you know where they stand, the PA lied and deceived there way into power. To me it seems that getting a peace contract signed with Hamas would be the bigger miracle and win for the Antichrist then getting one signed with the PA. Next, every American President who has tried to bring about peace with the Jews and Arabs has always failed, with the exception of Carter. But that was short lived and eventually paved the way for the recent wave of terror that Israel has faced over the last few years. I think Hamas getting the seat of power gets Bush off the political hook rather easily. If Bush was really savvy he would see the writing on the walls and use this as his political get out of jail **FREE** card and stop all political negotiations in that part of the world and tell Israel to do whatever they need to in order to protect themselves and let God handle the rest! Bush should focus all of his energy on Iran and Syria right now because these two countries pose the greatest threat to world peace. The worst thing the U.S. could do is try to force Hamas and Israel to make peace, this will end in sucking the entire globe into the next World War!

I hope our political leaders seize the moment and get us out of the Middle East Peace Process. Nothing but bad can happen. God has warned all who attempt to interfere in His Land will suffer greatly for this. We

**"For Zion's sake I will not be silent and for Jerusalem's sake I will not rest."- Isaiah 62.1** 1

must remove our influence in this matter immediately. The other thought I have is now would be a good time to show Hamas how committed we are to our Israeli friends. We should level the nuclear reactors in Iran immediately and level the bio weapons that Syria has aimed at Israel right away. This type of show of power and strength would go along way to convincing Hamas to reconsider their insane political aspirations.

How does all of this fit into the End Time Prophetic Scene? We are living in perilous times and the world will turn a blind eye to all of this and will eventually deal with Hamas or anyone for that matter who is in power at the time. The world continues to display it's unhealthy intoxication with Israel, Jerusalem and the Arabs. This **unhealthy intoxication** with this part of the world will one day lead to World War III and then the return of Christ to setup His kingdom for 1,000 years! **Come Lord Jesus Come!**

The good news is that our God is in **complete control** and He is using this political event to bring about the soon return of our beloved Messiah! God is on His throne and aren't we all at peace with that? I sleep great at night knowing He is taking care of everything!
