

THE MUFTI OF JERUSALEM SAYS THAT ISRAELI CONTROL OF HEBRON, BETHLEHEM, AND JERUSALEM COULD START A RELIGIOUS WAR

March 14, 2011

Jerusalem's Mufti Mohammed Hussein, the highest ranking Islamic cleric in Jerusalem, says that Israeli sovereignty over Hebron, Bethlehem, and Jerusalem, three of the most important holy sites in Judaism, could start a religious war.

Hebron is the location of the burial site of the Jewish patriarchs. Bethlehem is where Jacob buried his wife, Rachel and in Jerusalem, the Temple Mount is the holiest site for the Jewish people and the location where Jews want to build a temple in the near future.

The mufti's says Israel's claim to these Jewish holy sites is an attempt to take over the religious sites and Moslems are now in a period of war, not with tanks and rockets, but a religious war.

Jimmy's Prophetic Prospective on the News

The statement by the mufti of Jerusalem that Israel's claim to their holy sites is a declaration of a religious war is a page out of Bible prophecy for the last days.

The Israeli government has established a list of heritage sites in Israel, sacred sites that are a part of Jewish history. Included in that list are three locations that the mufti of Jerusalem says will be the cause for a religious war if Israel stands firm on their claims to these sites. The sites include Rachel's tomb in Bethlehem, Rachel being Jacob's wife who died in childbirth, Genesis 35. Genesis 23 is the record of Abraham paying cash money for the Machpelah Cave, the burial site for the patriarchs of the Jewish people: Abraham, Issac, and Jacob. Israel's King David also paid cash money to Ornan the Jebusite for his threshing floor on Mt. Moriah, the site for the two previous Jewish temples in Jerusalem, I Chronicles 21.

The threat of a religious war between the Jews and the Moslems is setting the stage for an end of times conflict between these two peoples. The ancient prophet Joel, in Joel 2:2-3, warned that the largest militia ever formed on the earth will come to Jerusalem to take control of the Jewish holy sites. There is only one group of people today who could form such a militia and also people who want to control Hebron, Bethlehem, and the holy city of Jerusalem, that would be the Moslem people.

The Jerusalem mufti is right. There will be a religious war.
