

# DEMOCRACY IN THE ME IS NOT THE DEMOCRACY THE WEST UNDERSTANDS

Our report on Feb. 16, 2011 makes more sense now than it did in February, especially when linked to the headline below:

*Does the title below sound like American Democracy to you? That's what the American media wanted us to believe however. They created sound bites and images to give the appearance that those young people in Egypt were freedom fighters. This is the freedom and democracy they were fighting for, the freedom to kill all Jews! With democracy like this, who needs terrorists?*

## **The Moslem Brotherhood tells their followers to prepare for war against Israel so they can kill Jews**

**May 09, 2011**

Leaders and clerics in the Moslem Brotherhood are calling for their followers to prepare for war against Israel and one leading brotherhood cleric has called for killing Jews to the very last one. This is the brotherhood that has played a major role in the chaos in the Arab capitals of the Middle East.

As the Moslem Brotherhood rises to power in the Middle East, Israeli leaders see this as consolidating the power of Hamas and its hold on Gaza, a real concern to the Jewish state because the Hamas charter states unequivocally that it wants to eradicate Israel.

### **Jimmy's Prophetic Prospective on the News**

With the rise of the Moslem Brotherhood and the so-called revolution in the Arab world, the endtime scenario that can be found in Bible prophecy comes much better into focus.

One of the major players in the chaos spreading throughout the Arab world is the Moslem Brotherhood, an Islamist terror group that has spawned such terror organizations as Hamas and al Qaeda. The ideology of the brotherhood was made clear by one of its leading preachers based in Qatar who in one of his sermons called for

Israel and the Jews to be dealt with by Allah, the Islamic god, who should kill the Jews down to the very last one. This same Moslem Brotherhood preacher in a sermon aired on Al Jazeera claimed that Adolf Hitler was sent by Allah to punish the Jewish people. The brotherhood also supports Hamas, the Islamic Jihad, and Hezbollah, all Islamic terror groups who want to eradicate this world of the Jews.

The scenario being played out now in the Arab world was foretold by the ancient Jewish prophets, a message for the last days. Daniel and Ezekiel both revealed that the Arab world would come to power and move to kill the Jews, Daniel 11 and Ezekiel 38. The prophet Joel said this would happen when every Moslem would be ready to form the largest militia ever formed on the earth, Joel 2. Even the Psalmist prophet, Psalm 83 called for the Jews to be destroyed and their name be forgotten forever, Psalm 83:4.

The rise to power of the Moslem Brotherhood and their impact on Middle East events is indeed setting the stage for Bible prophecy to be fulfilled.
